

Be Bold.

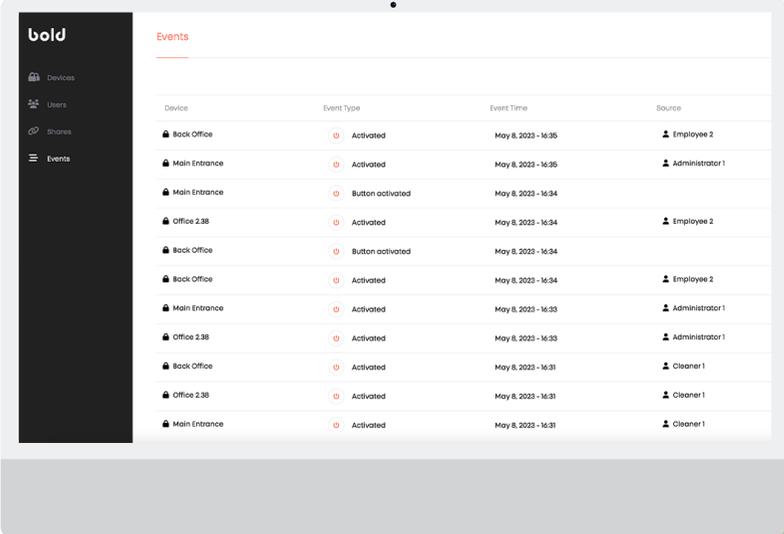

Bold Business Portal

Streamline your smart lock management with the Bold Business Portal. Manage your Bold Smart Cylinder system from your computer. Group users and locks, and activate your locks remotely with ease. Simplify your access control and upgrade your business security.

For the Bold benefit of all

- PC MANAGEMENT:**
The Bold Business Portal allows you to manage your Bold Smart Lock system from your computer or laptop, providing an alternative to managing everything from the app.
- GROUP USERS AND LOCKS:**
You can add users, create and delete administrators, and create user groups and group locks from the portal. This streamlines access control by allowing you to grant entire groups of users access to a group of Bold Smart Cylinders.
- DIGITAL ORGANIZATION:**
When you purchase the Bold Business Portal package, a digital organization is created for you, and your locks can be managed through this digital organization.
- REMOTE ACTIVATION FROM PC:**
The Bold Connect ensures that your locks are always connected to the internet and therefore the Bold Business Portal, enabling remote activation from your PC.
- IMPROVED BUSINESS SECURITY:**
By simplifying access control and allowing for remote management, the Bold Business Portal enhances your business's security, making it an excellent investment for businesses with multiple locks or users.
